Serves 6
Prep 15 min
Cook 6 hr
Total 6 hr 15 min

INGREDIENTS

- 1 1/2 lb baby potato, red and/or yellow
- 8 small carrots, snapped in half
- 12 pearl onions, peeled, with ends cut off
- 3 1/2 lb beef chuck roast
- Salt, to taste
- Pepper, to taste
- 1 tablespoon cornstarch
- 2 tablespoons water
- 2 tablespoons worcestershire sauce
- 2 sprigs fresh rosemary
- 2 sprigs fresh thyme
- 1 baguette, cut into 5-inch (13 cm) pieces, optional

STEPS

1. In a slow cooker, add the potatoes, carrots, and onions to make a base for the meat.
2. Lay the chuck roast on top of the veggies and season with salt and pepper on both sides.
3. Wash your hands, because mess.
4. Mix cornstarch and water until well combined and pour close to the edge so it gets down to the veggies.
5. Pour Worcestershire sauce directly on top of the meat.
6. Cover with the slow-cooker lid and cook on high for 5 hours.
7. Place the rosemary and thyme sprigs on top of the meat and cook for 1 more hour.
8. Remove rosemary and thyme.
9. Using a fork, shred the meat and serve by itself with the veggies, or on top of bread for a sandwich! The juices from the bottom of the slow cooker make an AMAZING dipping sauce!
10. Enjoy!

> **Heart-healthy tip:** Trim the visible fat off the chuck roast before it goes in, and skim the fat off the juices before you dip.
